

POLICY: Background Check
Adoption date: 8-1-98

As a result of a legislative mandate, all students planning on obtaining a teaching license in Utah must complete a background check. All students must have a background check completed prior to their student teaching experience. To expedite this process, we are asking that all students planning on student teaching Fall or Spring Semester submit their completed background check forms to the Office of Teacher Certification, Jones Education Building, Room 103. Note deadlines for submission. The forms are available in Room 103.
